FORCE AMD FRAUD.

It is as clear as the noon day sun that the conspirators who are plotting the destruction of popular liberty by wrestling from the people the right to control the suffrage question, have resorted to the most villanous system of fraud in order to accomplish their infamous purpose. Under the promise that the people of the "loyal States" should not be deprived of the privilege of regulating the elective franchise in their own way, legislatures were elected in these States containing large Radical majorities. These majorities are now wielded by the conspirators as instruments of fraud in preventing the people from interfering with the success of the plot to make the Fifteenth Amendment a part of the Federal Constitution. These majorities are made to usurp the right of American freemen to settle this great question for themselves. Nor is it less apparent that force is to be superadded to fraud in carrying out the infernal programme. Morton's bill, passed at the last session of Congress, makes it a condition precedent to the admission of Virginia, Mississippi and Texas to representation in Congress, that these States ratify the Amendment. Although declared by the United States Supreme Court to be in the Union, the people of these States with the bayonets of the Federal janizaries pointed at their breasts, are told that they will be kept out of the Union until they agree that this radical black patch shall be put upon the Constitution. Three States are thus to be forced to give their assent to the Amendment. In the Legislature of Indiana, the radical majority is not sufficiently large to hand over that body to the conspirators as an instrument in their hands. The Constitution of Indiana requires the presence of three-fifths of the members in either of the branches of the Legislature to form a quorum. More than two-fifths of each House are democrats, and these democrats, in accordance with their constitutional privilege resign, and leave the Legislature without a quorum. From the instant there is not a quorum of members present the legislative body is powerless to transact business. Nevertheless, the radical members proceed without a quorum, to pass a resolution ratifying the Fifteenth Amendment! And this lawless proceeding will doubtless be certified to the Department of State at Washington, by the radical Governor of Indiana, as a ratification of the said Fifteenth Amendment by the Legislature of that State! In this way, by the employment of fraud and force, the game of the radicals is to be won. But the cards are handled so clumsily that the trick is transparent to everybody. Even the stolid equanimity of the philosopher of the *Tribune* is disturbed by the awkwardness of the play. In Saturday's issue of that paper, Greeley says:—"We confess the mysteries of Indiana legislation are too deep for us. The democrats in the House, forty-two in number, resigned; the Governor gave notice to the House of their resignation; the point of order was raised that this left the House without a quorum; but the remaining members refused to sustain it, and proceeded to adopt the Fifteenth Amendment. We prefer to wait further details as to the whole novel procedure before rejoicing over the adoption by another State.

Forney, too, though revelling in the beauties of such artistic chicanery as Morton's Bill, is disgusted with the bungling Indianians. His gorge rises at the very thought of the indexterity of the performance. In Saturdays *Press*, he speaks as follows:—"Connecticut, which has just ratified the Fifteenth Amendment, was, it will be remembered, one of the doubtful States, and its favorable action almost insures the success of the measure. Before the people there is no doubt of the issue. How alone the democracy can successfully oppose it is shown in the case of Indiana, from which State we have this week more discreditable and disgraceful news."

In his supreme disgust at the want of art on the part of his fellow conspirators in Indiana, he admits the democracy of that State "successfully oppose" the Amendment, and thus virtually acknowleges the futility of the attempt at ratification by the quorumless Legislature. The "success of the measure," he tells us, is "almost" assured. This is another way of telling his readers that it is doubtful. But he consoles his dupes by pretending to think that "before the people there is no doubt of the issue. We agree with him.

A YOUNG LADY TAKES A DOSE OF ARSENIC TO BEAUTIFY HER COMPLEXION, AND KILLED HERSELF.

From the San Francisco Bulletin.

Coroner Letterman was informed yesterday that a young lady had died in the city, the circumstances of whose death required investigation. He found that the name of deceased was Delinda Louisa Cook; her residence 404 Shipley street, near Eighth; and that the cause of death was poison.—On visiting the house the Coroner found that arrangements had been made for her funeral yesterday afternoon. He gave directions to have the burial postponed, took charge of the body, and in the evening held an inquest over the remains. The investigation established the sad and singular fact that the deceased had taken a dose of arsenic to beautify her complexion, and had thereby destroyed her life.

Miss Cook was a native of Maine, aged eighteen years. She had been in this State but five or six weeks, and was living with some friends on Shipley street. She was blessed with robust health and endowed with more than an ordinary degree of beauty, but a ruddy complexion. For the purpose of acquiring a more delicate complexion, it appears she decided to resort to the use of arsenic, a habit not uncommon among weak-minded and frivolous women. Miss Cook seems to have been entirely ignorant of the use of the material. She visited the drug store of C. D'Assonville, 116 Fulton street, and procured two ounces of arsenic. The box which contained it was marked "arsenic, poison."

On Saturday afternoon, at 4 o'clock, Miss Cook was taken suddenly ill. When questioned, she stated that she had taken nearly a teaspoonful of the contents of the box. When informed that she had taken a large dose of deadly poison, and that her life could probably not be saved, she was greatly astonished, and intense mental anguish was added to her already terrible physical suffering. Every possible effort was made by the physicians in attendance to save the life of the sufferer, but she died at 1 o'clock on Sunday morning. One of the physicians in attendance signed a certificate that death was produced by accidental poisoning, and on the strength of this certificate, arrangements were made for the funeral, which were interrupted by the Coroner. No burial, under such circumstances, can legally take place without the knowledge and approval of the Coroner.

The jury found a verdict to the effect that the deceased came to her death, April 25th, by having taken a dose of arsenic for the purpose of beautifying her complexion; and the jury is of the opinion that the druggist is exceedingly reprehensible for selling it to her without a physician's prescription.

Largest amount of Losses to Widows and Orphans!

The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.

Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

EXECUTIVE INCOMPETENCY.

North Carolina never had a Governor who more fully comprehended the duties and responsibilities of the office, or who more ably or with more fidelity discharged them, than *Jonathan Worth*. It would afford us pleasure, if we cou'd truthfully say as much of Gov. Holden; but facts are being daily developed which go to prove, that the State never had a Governor, who was so utterly unqualified, both mentally and morally, as the present incumbent. Should Radicalism continue to prevail in the State, the future historian will be forced to make the record, that Gov. Worth was the last of the real Governors of the State.

The history and the results of Governor Holden's administration, will demonstrate the folly, if not the crime, of placing in the Executive Chair of the State, a man, whose only claim was, that he had been a sharp, fierce, violent, unscrupulous partizan editor. It is almost certain that none of the true Governors of the State, ever could have made such an Editor as Holden did, and he has already demonstrated it, that able as he was as editor of the *Standard*, he has been wholly overcropped since he became Governor.

The duties and responsibilities of the Governor of North Carolina, at the present, are very few and simple. The routine of Executive conduct requires only ordinary clerical ability, yet questions may arise requiring a very ready and thorough knowledge of existing laws, of the proper construction of the Constitution, and of the science of government. These, law and government, Holden never did and never can learn. His proclivity runs in the direction which seeks to evade law, to cut knots which he cannot untie, and to overslaugh Constitutions as too insignificant to stand before the popular, ignorant out-cry. Laws and government are too stringent, too hampering, as they leave no margin to the violator.

In several instances, since Gov. Holden took the oath of office, either from ignorance or a vicious disregard of duty, his acts have been proper subjects of impeachment.

Recently, his attempt to exercise the office of Governor, while beyond the limits of the State, in the respite granted while in Baltimore to the Wade Dicther murderers, is very significant. We have not examined the full legal bearing of the act, but we should not be surprised, if Mr. Conigland, the Attorney for the prisoners should press the point, he would secure the legal release of those prisoners, on the ground that the day having elapsed for their execution, their lives could no longer be put in jeopardy. The Sheriff, Read, realized the plea before, because of the disagreement of the time pieces. But suppose it should be made to appear that Gov. Holden, on the 29th day of May last, while in Baltimore, when he sent the dispatch to the Sheriff of Halifax, respiting Thomas and Baker until the 4th day of June, was *not the acting Governor of North Carolina at the time*—that being beyond the limits of the State, he could not perform Executive functions—is it not plain, that the Sheriff of Halifax would have no power to execute them on the 4th of June? But the Sheriff of Halifax might say, "that Gov. Holden says in his dispatch as follows:

"BALTIMORE, Md., 1869.
Received at Halifax, May 28.

To the Sheriff of Halifax County,
Halifax, N. C.

In response to the urgent request of Mr. Conigland, the criminals Thomas and Baker are hereby respited till the 4th day of June, on which day they will be executed.
(Signed) W. W. HOLDEN, Gov."

Therefore, he not only respites but orders me to execute on the 4th. Both orders are worthless, if he was *not* acting Governor at the time. Had he been in the State, at the time, he had the power to respite or pardon them, but the expression in the dispatch, "on which day they will be executed," is mere surplusage, and has no binding force, for the simple reason that the Governor has no Judicial authority. His powers extended to their pardon, or respite to a given day, which simply suspends the execution of the sentence of the Court until that time, when the execution takes place not by virtue of the Governor's order, but by the sentence of the Court.

But, if we interpret the Constitution correctly, Gov. Holden was not the acting Governor of North Carolina on the 28th of May last, while he was in Baltimore. His Executive functions can only be exercised within the limits of the State and, by consequence, while in the State. According to the Constitution, during "his absence from the State," the Lieutenant Governor was the acting Governor, and the only party who had the power to grant the respite.—The public, therefore, need not be surprised if the Dicther murderers go "Scott free," because of the blunders and incompetency of the Executive.

Gov. Holden's conduct of the Executive office, is having a bad influence upon his employers. His assumptions of power are so lawless and extraordinary, that his subordinates are catching the same spirit.—Instance the case of his Chief Clerk. Young Horner is a good Clerk and a decent, well behaved young man we understand, but the little fellow seems to have concluded for the nonce, that as Gov. Holden was absent, who had a better right to play the Governor awhile, than himself? He accordingly issued the following telegram to the Sheriff of Halifax:

RALEIGH, 10:25 a. m. May 28.

To John A. Reid, Sheriff:

Thomas and Baker, condemned to be executed to day, are respited until Friday the Fourth (4th) day of June next. Respite by mail.

Signed, C. W. HORNER,
Chief Clerk.

At a later period of the day, Horner telegraphed the Sheriff taking it all back, having found out he was not Governor *ad interim*. Wonder, who Charley Horner consulted when he sent the first telegram?—Did he take the responsibility or how?

RETIRING.

It was stated some days ago, that the carpet-bagger, Geo Estes, had resigned his seat in the lower house of the General Assembly in this State. Gen. Estes is one of the U. S. Revenue Assessors, we believe.—We hope that finding the two offices incongruous, and that he is unable to discharge with fidelity the office of Collector or Assessor of the U. S. Revenue, and, also, that of a member of the House of Representatives of North Carolina, determined him to resign. If so, he is entitled to credit, and his example should be followed at once by all others.

How Judges Rodman and Tourgee can hold on to the offices of Judge and also of Code Commissioner, receiving large compensating salaries for both, is wholly unaccountable, except upon the well settled axiom, that having become bitten by Radicalism and affected seriously by its demoralization, "the hair of the *hound*, is good *for* the *wound*." There is nothing more anti-republican, more antagonistic to the principles of popular government, and more in accord with oligarchal and aristocratic practice, than that one man should hold two offices of honor and profit at once.

We now have nearly enough proof to establish the charge, that about every Radical member of the General Assembly at the same time he was receiving $7 per day, as a member of that body to do worse than nothing, was in hot pursuit of some other office of trust and profit under the government. Etheridge one of the Senators elect from the Edenton District, came here in January last, got license to plead law, obtained leave of absence after appearing in his seat in the Senate some ten days, went home and spent the entire remainder of the session upon Roanoke Island, fishing for shad and herring, made money and then had the impudence to demand full pay for the whole session at $7 per day! He deserves to be indicted for receiving money on false pretences.

Renfrow, the member from Halifax, has been appointed Post Route Agent on the Raleigh and Gaston R. R. and still holds on. Ball, also, the Doorkeeper of the Senate, is another Route Agent, and Harris, of Franklin, it is said, is another. We are informed that the plan of these fellows is, to hold on to both. When the Legislature meets, they will hire some one at $3 per day to take their places on the Mail Route, and will go into the Legislature and take their $7 per day.

Col. Sinclair, Capt. Bowman, Dr. Barrow, J. H. Davis, of New Jersey *via* Montgomery, Andrew Jackson Jones, and others have feathered their nests with good paying offices and still do not resign their seats in the General Assembly. At the next session of this body, the cases of all these parties should be enquired into. No man should be allowed to hold two offices, and especially, no man should be allowed to hold any office whatever, while he is a member of a Legislature or of Congress. This was a fundamental principle of Republicanism of other days, why not now?

OUR RAILROAD ENTERPRISES.

Millions of dollars have been appropriated for the construction of Railroads, and bonds to the amount of millions have gone out of the Treasury. There is a great parade about Railroads, until the bonds are issued and after that we here no more about them. How is this? What progress is being made in the construction of the Roads? Can't some one tell us? How many miles of the Western North Carolina Railroad, have been finished within the last year; how many miles graded, what is done and doing at the great tunnel near the top of the Blue-ridge? Tell us what has been done. And we make the same inquiries as to the Wilmington, Charlotte & Rutherford Railroad; the Coal Field Road, the Tarboro and Williamston Road, and the Road leading from Greensboro to Salem and beyond there. What has become of the Chatham Railroad? Let the people hear. The people ought to be on the alert about these matters. They will hear when the tax gatherer comes and they ought to see that they *get something for something*.

For the benefit of the "harmonized" and forgiving portion of our respectable native population, who closed stores and paid other marks of respect to the celebration on Saturday last, we clip the following from the New York *World*:

WASHINGTON, May 30.

INSULT TO THE DEAD.

There was desecration, as well as decoration, in the memorial services at Arlington yesterday. By orders of some one, a little dapper lieutenant of marines and a guard were placed over the graves of some thirty Confederate soldiers, to prevent any floral decoration. Several ladies, evidently not knowing that they were Confederates, and with no intention of exhibiting any special feeling, quietly placed their off rings upon the graves. They were at once accosted by the guards, who compelled them to take them up. Several gentlemen were treated in a like manner, and a Union soldier was forced to take back the offering he had made to peace and forgiveness. An ex-Union officer was ordered to receive back a few roses that he had, without knowledge of the forbidden ground, strown upon the graves of one of these soldiers. It is stated that these guards not only walked between but over the graves. There is great anxiety to suppress the responsibility for this attack on dead men, and it is variously stated that the Grand Army of the Republic and the superintendent of the cemetery gave the order.

STATE NEWS.

ARRESTED ON SUSPICION OF MURDER.—Mr. Henry W. Haswell and a negro man in his employ, were arrested in Jones county, on Saturday afternoon, charged with the murder of Oscar R. C. Isgrove. Mr. Haswell was arrested at the instigation of Abner Jones, the negro man who was wounded at the time that Colgrove was killed, and who deposed on his death bed that Haswell was the murderer. This was the only evidence, and when a previous statement of the negro—that he never saw any one, and that he was stricken down without any intimation of danger—is taken into consideration, it will be seen what that evidence is worth.

Through the courtesy of Sheriff Dunnican, we were allowed to visit the prisoners in their cells yesterday morning, and from them received the following statement which we believe, and which is corroborated by some of the best testimony in Jones county.

Mr. Haswell stated that on the morning of the killing, at a very early hour, he took his gun and went out for the purpose of killing chickens that was preaching up his grain. He did not go more one hundred yards from his house, and was in plain view of its inmates during the whole time. Before seven o'clock he returned, and immediately started, in company with a negro man, to the field, where he was engaged until twelve o'clock, in plowing.—The negro was with him the entire period. About twelve o'clock, a party of militia came to his house and arrested him, on the charge before mentioned. He was taken to Trenton, examined by a Justice of the Peace, committed on the evidence of the dying negro, and afterwards removed to the jail of this county, where he now lies.

The negro prisoner's statement was substantially the same as Mr. Haswell's though he was evidently ignorant of the charg upon which he was incarcerated.

None of our citizens believe Mr. Haswell to be guilty of the crime for which he is charged, but think it trumped up from beginning to end; and this belief is strengthened by the statements of the most respectable citizens of Jones county. Colgrove was killed after seven o'clock, more than a mile from the prisoner's house, and at that time Mr. Haswell and the negro were both plowing, and had been thus engaged for some time.

Several gentlemen were in the city, yesterday, for the purpose of procuring a writ of *habeas corpus* and having Mr. Haswell released from custody. Owing to the absence of necessary witness, the investigation was not held. It will be held Friday, and we have no doubt but that Judge Thomas will grant the writ.—*Southern Journal of Commerce.*

OUTRAGE BY NEGROES IN JONES COUNTY —ARSON AND ATTEMPTED MURDER.—On Saturday night, a band of armed negroes, surrounded the house of Mr. Henry W. Haswell,—Mr. Haswell being a prisoner at the time—in Jones county, about two miles from Trenton, and fired it in several places. The inmates, two women and five small children, were ordered under pain of death to remain in the burning building, and the house was repeatedly fired into to prevent them attempting to escape. They managed to slip unobserved out of a back door, eluding the fiends howling for their blood, and gained the woods near by in safety. There they remained until day, when they came through the woods to Trenton. The house with its entire contents, was consumed.

A young man named Bragg, to whose trial Colgrove was proceeding when killed, lived with Mr. Haswell, and it is supposed that the negroes intended to murder him; but being disappointed in finding him absent, they turned upon the helpless family, as suitable victims for their vengeance.

While the whole county of Jones is being searched for those who killed Colgrove, his militia is allowed to go unpunished for similar deeds of violence—for no doubt that it was the armed militia of Jones county, all of whom are negroes, who burned the house of Mr. Haswell and attempted to murder his wife and children. It is said that they did it at the command or collusion of "Hon." D. D. Colgrove, who told them "to do as they please." What truth there is in this statement we do not know; but taking his brother's conduct as a criterion, the report looks very much like the truth.

We expect to hear of more such outrages, and also expect to hear of retribution. The people of Jones cannot be expected to bear everything, and they will not.—*Journal of Commerce.*

TERRIBLE CONDITION OF AFFAIRS IN THE COUNTY OF JONES.—Last night the city was filled with rumors regarding the condition of affairs in Jones county. The house of Mr. Shade Loftin and that of another gentleman were reported to have been burned, and a young man named Bragg and a negro militiaman were said to have been killed. The houses were burned and Bragg was killed by the militia, while the negro was killed in the act of applying a torch to the dwelling, by one of the inmates. All this occurred yesterday.

What truth there is in these rumors will be determined to-day; but we cannot disguise the fact that they are highly probable. That a terrible state of affairs exists in Jones no one doubts, and authentic intelligence will be looked for anxiously, to-day.—*Southern Journal of Commerce, June 1st.*

HABEAS CORPUS.—Before Judge Cantwell yesterday a motion as on petition was made by Mr. Adam Empie, counsel for James H. Abrahams (confined for an assault with intent to commit a rape), for a writ of *habeas corpus*. The Judge caused Abrahams to be brought into Court, but without giving the case a full consideration postponed it for a further hearing to-day. We do not know what will be the result, but it seems the general opinion that the defendant should be admitted to bail.—*Wil. Journal, June 1st.*

The Wadesboro' *Argus* says that Anson County has organized a Farmer's Club: S. W. Cole, President; D. McNeal, Recording Secretary; E. S. McIlwaine, Corresponding Secretary, and H. W. Leadbetter, Treasurer.

RAILROAD ACCIDENT.—The down train on W. & W. Railroad, which left here at 2 o'clock, A. M., yesterday, met with an accident when within the suburbs of this town. We learn that it was caused by the breaking of an axel of one of the baggage-cars. We are glad to say that no one got hurt, all the damage was confined to the baggage cars. The train was detained here several hours, until the track could be cleared.—*Goldsboro Messenger, June 1st.*

On Saturday morning the Baptist Sunday School of this place set out for Mars Hill. A meeting of the deacons and ministers was going on there. The school was marched into church and sang several tiful grove around the church. At half-past twelve the meeting adjourned for dinner. The children ate as much as the grown people, and they ate more than was lawful, everything was so nice and good. Prof. Walters, of Wake Forest College, and Mr. Jordan addressed the children in a very happy way.

On Sunday Prof. Walters preached; communion was held; and a collections for State Missions taken.—*Hillsboro Recorder.*

THE PROGRESS OF NEGRODOM.

The readers of the *Express* will see, in its daily news columns that the negro, and the white negro-leaders, are as malcontent in being shut out of hotels, first-class places on steamboats, and sleeping-cars, as they were in slavery. *Social* slavery, they call the present state of caste and society, and they pronounce it worse than *chattel* slavery. There is a case before us, where but one place in a "state room," on a river steamboat was left, (the one of the two there being occupied by a white man,) and *that place* was demanded by a negro, as wooly as wool itself, and as odoriferous as musk. The negro, or the white leaders of the negro, in Virginia insist upon negroes to be Judges in the Courts, and over white men there!

All this is the natural result of Republicanism, as it is called, *alias*, Radicalism.—The logic is irresistible, that if the negro is our political equal, he is our social equal, and as such entitled to all our social rights,—such, as he has in Mexico and Central America and elsewhere, where the Spanish Americans have *equalized* the black-negro-white Indian races, and created all sorts of delectible compositions,—which make all stable governments impossible there.

But these Equal Righters, or the most of them, halt, when it is proposed to give equal rights to our mothers, wives, sisters or daughters. There is no reason on earth, why a boy at 12 years of age, far more intelligent than ninety nine negroes out of a hundred at 21, should not vote, but the white boy is denied the equality. They tell us God made the white man and the negro "equal," but deny that the same God made the woman. They tell us, there is no difference in *race*, but insist upon it, there is the greatest difference in *sexes*. A negro is a man and a brother, but woman is neither man nor brother. We have never been able to see into all all this, though we try very hard,—but when we are convinced, that a negro is as the white man, or of the same race, the same anatomy, the same brain—then, doubtless, we shall see why *sexes* d equality *votes*, as *races* do not.

Many Republicans tell us,—if the Democracy will only come over to "equality," they will come over to us. We accept the negro, as "a man and a brother," because we are obliged to, by man's law, (the higher law in this country, now overruling God's law,) but why not accept the woman and give her "Equality?" Why not accept the boy? Why refuse your soon a vote, when he is 20 years and 364 days old, and give it to Cæsar, Sambo and Scipio? When the Republicans come all over to "Equality," we shall understand what they mean by offering to accept our name, if we will accept their principles of Equality.—*New York Evening Express.*

ANOTHER "PLENARY" LETTER FROM THE POPE.

Pope Pius IX. has addressed a letter to "all the faithful," in which he bestows plenary indulgence and remission of sins on the following conditions:

We announce to the whole Catholic world an indulgence in the form of a Jubilee. In the name of God, most powerful and most merciful, supported by the authority of the holy Apostles St. Peter and St. Paul, in virtue of the power of binding and loosing with which our Lord has invested us, however unworthy, we grant a plenary indulgence and remission of all their sins, as it is granted in the year of Jubilee, to all the faithful of both sexes, either dwelling in our much beloved city of Rome or having come within her wall who shall, between the first of June and the day of the closing of the Ecumenical Council convoked by us, visit the basilicas of St. John Lateran, the Prince of the Apostles, and St. Maria Majore, or at least visit one of them twice, and devoutly pray there for some time for the conversion of sinners, for the propagation of the faith, and the peace, tranquility, and triumph of the Catholic Church; who, in addition to the accustomed fast of the Ember days, shall fast for three days, even not consecutively; that is to say, Wednesday, Friday, and Saturday; and who, in the course of time, shall have confessed their sins, reverent y received the Holy Sacrament of the Eucharist, and given some alms to the poor according to their power. To all not living in Rome we grant the same plenary indulgence and remission of their sins, on condition of their visiting, within the given time, the churches which shall be pointed out by the Ordinary of the place, or the Vicars to whom the charge of souls is committed, and fulfilling the conditions already spoken of. This indulgence is applicable to the souls in purgatory.

Travellers by land and sea may gain it by fulfilling the conditions and visiting twice the cathedral or parish church of the place where they are.

* * * We also ordain that from the first of June next to the close of the Ecumenical Council all the priests of the Catholic world, secular or regular, shall add every day to their Mass the prayer to the Holy Ghost, and that besides the accustomed Mass, the Mass of the Holy Ghost shall be said every Thursday, except on a double of the first or second class, in all the parish churches, basilicas or collegiate churches in Rome, and in all cathedrals and college chapels throughout the world, by their respective canons; also in every church served by the regulars and bound to say a conventional Mass.

This mass of the Holy Ghost binds under no obligation regarding the application of it.

Given at St. Peter's, in Rome, under the Ring of the Fisherman, the 11th of April, 1869, the twenty-third year of our Pontificate.

N. CARD. PARACCIANI CLARELI.

"LOYAL" MILITIA.—About twenty-five of the Jones County "loyal" militia, all negroes, and under the command of a negro, marched out of the city, yesterday morning, on their return to Jones County. They had come here on Sunday, for the purpose of bringing prisoners, accused of the Assassination of Colgrove. The "militia" was armed in all the paraphanalia of modern warfare, and looked every inch the villains they are.—*Journal of Commerce, June 1st.*

Explanatory Drawing:—The Drawing by the Real and Personal Estate Agency, anxiously looked for by persons who had taken stock came off on Saturday, according to published programme. The weather was weeping, but the expectant people were not deterred by that, and went in numbers to Tucker Hall to watch the operation. A good deal of excitement was caused when the owners of lucky tickets claimed their prizes as their number was drawn.

J. M. Blair, Esq., of the Yarborough House, drew the $650 piano; Mr. Wesley Whitaker drew a $5 china set, and Mrs. Pepper, wife of the caterer, drew a $12 hearth rug. Very many of the tickets were sold out of town, and we have not the names of the holders. Every one was satisfied with the arrangements of the drawing, and this augurs well for the grand drawing of which this is explanatory.—*Standard.*

The Age of Progress.

We publish to-day, the first scheme in the sale of Real and Personal Estate, Company chartered by the last Legislature, with a capital of one hundred and thirty thousand dollars, and with power to increase that amount to five hundred thousand dollars. An examination of the charter satisfies us that the Company is pursuing a legitimate business; they are empowered to "dispose of Real and Personal Estate in any mode or form, they may deem best," and "no laws, or clauses of laws, coming in conflict with said charter are hereby repealed." This is plain and unmistakable English and we have no doubt the transactions of the Company will prove beneficial to the property holders of North Carolina. For example: Mr A. owns a piece of real estate which he wishes to dispose of. He throws it upon the market, and fails to get a bid that would warrant him in making a deed. He then places it in the hands of the North Carolina Real and Personal Estate Agency, at a fair valuation, and the property is sold by chance—the owner gets his price—the Company a fair and reasonable compensation for selling—and some poor man, for *two dollars* comes in possession of a homestead, which under any other circumstances he would not have owned.

In fact, we do not view the Company as a Lottery,—it is what it purports to be, a simple Agency for the sale of property, for its true value, which, otherwise would be sacrificed.

We refer our readers to the advertisement—the splendid real estate offered, and the other rich prizes, amounting in all to THREE THOUSAND ONE—and the reader will perceive, by the simple rule of division, that there is one prize to every twenty-four tickets.

The General Agent of the Company has given us a call, and assures us, that the success of the Company is no longer a problem. In thirty-five counties through which he has just traveled, he represents the people as being enthusiastic in favor of it—both as to investing, and the placing of property in the hands of the Company for sale. He represents that already, before the first drawing has taken place, applications to the amount of $1,000,000, and more, are in the secretary's office.

We learn from the Raleigh papers, that the explanatory drawing which took place in the city of Raleigh, on Saturday last, passed off to the decided satisfaction of a large audience assembled in Tucker Hall to witness it.—*Wil. Post.*

One three cent stamp must accompany every order. All tickets will have the seal of the Company and signature of the secretary.

☞ We refer to any Merchant, Banker or other gentleman of standing in the city of Raleigh.

For further description and particulars, address

JOHN C. HESTER,
june2-tf Secretary.

THE SENTINEL.

LOCAL DEPARTMENT.

WEDNESDAY, JUNE 2, 1869.

NEW ADVERTISEMENTS.—Young's Smut and Screening Machines.

TAXES—S. N. Whitson, Collector.

Building and Walling rocks—B. P. Williamson.

STATE AGRICULTURAL ASSOCIATION.—The Executive Committee of the N. C. State Agricultural Association, have appointed a Committee to solicit funds for the purpose of enclosing and otherwise preparing the grounds near the city, in order that a first class State Fair may be held some time in October next.

The Committee above alluded to, consists of the following gentlemen: Messrs. R. P. Williamson, W. G. Upchurch, H. J. Messinger, R. W. Best, W. H. Jones, A. T. Mial and P. Dunn.

All of these are gentlemen of enterprise and energy, and we hope that large success will attend all their efforts in this direction. It will not only show a lack of energy if our people do not respond to calls made upon them to assist in furthering this important work, but will exhibit a disgraceful apathy to the best interest of the State.

We are under obligation's to Messrs. R. F. Morris and Son for a package of excellent smoking tobacco, manufactured at thier factory at Durhams, N. C.

The tobacco is of the finest description and cannot fail to please those who will give it a trial.

We regret to learn that during the severe storm which visited us on Tuesday last, that Mr. Gill, of Wake Forest, had two horses killed by lightning.

We hear also that Mr. Allegre, near the same place, lost a mare and colt by the same means.

POEMS BY THEO. H. HILL, ESQ.—We hail, with gratification, the appearance of the little volume, bearing this title, which has been expected, with much interest, for some time past. It is published by Hurd and Houghton, 459 Broome St., New York, and stereotyped and printed by the River Side, Cambridge, Press. The typographical execution and arrangement are very handsome, and the binding (blue and gold) flexible, attractive and ornamental.

The public,—and, especially, the North Carolina public,—need not to be told who Mr. Hill is. The charming creations of his fancy have brought him into favorable acquaintance with the reading portion of our people. Others of our native poets may, at rare intervals and under special inspiration, have given utterance to their genius as successfully as Mr. Hill, but none of them, in the past or at the present time, have come up to the almost uniform excellence of his Muse. He has not written, perhaps, as much as he should have done; but, it may be truthfully added, he has seldom *failed*,—he has generally attained the heights to which his flight was challenged.

We find, in the volume before us, many hitherto fugitive pieces with which we were familiar, but, at the same, many new beauties.

If we were called upon to designate a defect in Mr. Hill's poetry, we should say that it consisted in a rather too *artistic* expression, at times; and yet this objection, if it be an objection, (for why should not the highest *art* be cultivated in the adornment of high thoughts?) can only occasionally apply, for, running through and pervading many of the author's poems, there is an exquisite simplicity, tenderness and pathos that find their tribute in the sympathies and, often, tears of the reader. What more simple and beautiful than the "Star above the Manger!"—what more touching and natural than "Little Willie?"

If it be true,—as *it is true*,—that nothing exhibits refinement of popular sentiment so much as an appreciation of the lofty and beautiful in literature, science or art, we trust that this contribution of our North Carolina Poet to the stock of our native literature will be most favorably received, the author substantially rewarded and thus encouraged to tread afresh the delightful fields of Poesy and Song.

The book is on sale at Ennis' North Carolina Bookstore.

WE did not believe in "cure-alls" until we tried Ayer's inimitable Pills, and now we think the whole secret lies in the fact, that purgatives are the natural remedy for disease, and Dr. Ayer has made the best of purgatives. They cure all our complaints.—*Texas (O.) Press.*

For the Sentinel.

GOLDSBORO, June 1, 1869.

MR. EDITOR:—The President of the North Carolina Railroad, after publishing that stockholders must apply at the Company shops for tickets, or they would be charged full fare, now comes this morning with an order to Station Agents to give stockholders free passes. I think you made him take the bushes by publishing that stockholders could sue and recover their fare, if the President should collect it of them, after the board had ordered that they should go free. There are a number of stockholders who would have gone to Newbern but for the President's order issuing pas es only from the shops.

None of the stockholders, hardly, voted for Smith for President. He modified his order this morning to curry favor with them. President Smith will find that this is a poor way to fight stockholders who may favor consolidation. We thought Smith was always for a fair fight.

STOCKHOLDER.

Our clever and enterprising citizen, Capt. John Berry, is making arrangements to erect a splendid brick building on 'Burnt Square.' In the name of the *live* men of Hillsboro we thank Capt. Berry for this start. Now keep the ball moving. And let old fogy shins clear the track, or they'll get bruised.—*Hillsboro Recorder.*

PRAYER FOR RAIN.—In some of the Churches Sunday prayers for rain was offered. They are timely, as much suffering is experienced by both plants and human beings from the drought.—*Wilmington Journal.*

GENERAL NEWS.

Wendell Phillips made a speech to the New England Anti-Slavery Society yesterday, in which he urged Christian men to secure to the negro equal privileges in churches, hotels, and places of amusement, and recommended the continuance of martial law and military occupation in the South.

A young woman has entered a tinner's shop as an apprentice in Des Moines.

Miss Violette Colville, an American girl, is studying music in Paris, and Wartel, her instructor, says she will become a Malibran, and that he shall bring her out when she is eighteen.

Rev. Olympia Brown is a descendant of General Putnam, the hero of the wolfe story.

A Swiss Journal states that a young woman named Anna Arnold, sister of an innkeeper at Willican, (Lucerne,) has just carried off the first prize at rifle-shooting competition, having made a "white" with every shot.

Mrs. Professor Fowler, of England, has delivered twelve lectures to ladies on the laws of life and health, and these have drawn large audiences.

Amy L. Falls, daughter of Col. Falls of the regular army, is appointed postmistress of Vallejo, Cal., at a salary of $2,000 per annum.

WOMAN IN THE FROG FISHERY.—A St. Paul paper says: "Yesterday two young ladies from the country brought to market 30 dozen frogs which they slaughtered the the previous day. They found ready sale, and were going off last evening rapidly at 15c. per dozen. The frog trade seems to be on the increase decidedly, and several lots of these delicious 'lowls' have found sale recently in our city."

Commercial matters are in a very bad way in Cuba. There is is very little money in the island, the wealthiest people having exiled themselves, and carried most of it with them, while there is neither trade nor produce to bring a new supply. The government will soon be in great straits, despite the funds to come out of the sequestration of property. The war expenses will increase, rather than otherwise, and, in every point of view, the prospect at present looks very gloomy.

An elephant, a foot and one half higher than the highest elephant ever seen in this country, is on its way to this country. It is to form one of the numerous traveling shows with which the country is at present supplied.

A negro in Chicago who has intense regard for great moral ideas, having been told that his little son had been lying, took a cowhide and whipped him to death.

TENNESSEE POLITICS.—Congressman Stokes, of Tenn., is in Washington, and there states that the recent Convention was composed of 327 delegates, of whom 233 declared for him for Governor. Stokes says he was nominated by the 233 delegates, and Senter by the remainder. All kinds of promises were off red, but neither party would yield. Mr. Stokes says that he can be elected easily, and so says Senter, now Acting Governor, whom Brownlow favors.

Major De Laney, a negro, who served in the Federal army during the late war, is lecturing on the "Progress of Civilization" in the Georgia towns. His chief object is to inculcate pride of the negro race into negroes. According to his idea, Adam was a yellow man. From the three sons of Noah sprung the three races of men—Caucasian, Mongolian, and African. He denies additional races, such as Indian, etc.—He has not yet advanced the assertion made by sundry negro worshippers, that our Saviour was a black man.

A beautiful spectacle was visible in the heavens last night, at 10 o'clock. A turri, came passed over without expending its force in this locality, driving before it a dense bank of clouds that overspread the entire sky, with the exception of a strip three or four degrees in width, stretching along the northern horizon from east to west. That strip of clear sky was brilliantly illuminated by the moon shining *over the clouds*, presenting a gorgeous contrast to their deep blackness. The jagged edges of the cloud bank were fringed with silver, while all beyond was clear heaven.—*Chicago Journal.*

A son of Hon J. Russell Jones, of Chicago, aged thirteen years, and a companion of the same age, were drowned in the Pecatonica river, in Northern Illinois, on Monday, by the capsizing of a boat in which they were taking a fishing excursion. Mr. Jones and family were on the eve of starting for Europe, he having been appointed Minister to Brussels by President Grant.—It was the intention of the lad's parents to place him in school in Europe.

A Japanese claiming to be none less than a first cousin of the Prince Imperial of the Japanese Empire, was arrested in Chicago the other day. He was wandering about the streets unable to tell where he wanted to go, and acting strangely. He had letters of introduction to several well known merchants. These saved him from further annoyance.

M. Haussmann, Parisians say, is the man who does not laugh.

John Brougham's two benefits in New York netted him $11,500.

Mr. Forster's life of Landor has made its appearance in London.

Garibaldi's physicians believe that he will never again be able to leave his bed.

Henry Clews, the largest gold dealer in New York, made several millions by the late advance.

Lamartine's tomb is decorated daily with numerous elegant boquets sent from all parts of France.

Victor Emanuel recently visited Naples, and his arrival was hailed oy a perfect storm of blisses and groans.

General Prim, on his recent birthday, received congratulatory telegrams from Bismark, Beust, Gorschakoff, and nearly every other Prime Minister in Europe.

The truth may as well be told. The decoration of the graves of our Union soldiers, yesterday, by the Grand Army of the Republic, was a flat failure so far as the ceremonial in this city was concerned. There were not over eight hundred persons in the procession; but little interest was manifested in the matter by the populace; while the religious people, with the exception of the small knot of so-called liberal christians represented by Rev. Mr. Frothingham, were hostile to the celebration because of the infringement upon their ideas of the proper observance of the Sabbath. The original conception of this floral tribute to the gallant dead of the Union army was a noble one, and, with proper management, it might have been made one of the most significant of memorials to those who died that the nation might live. But from the first the affair assumed a partisan and irreligious character, and in this city at least it miscarried.—*New York World, May 31st.*

A NEGRO MARRIES A RADICAL'S DAUGHTER AND SEDUCES HER SISTER.

[Pottsville (Pa.) Standard.]

Mr. Daniel Hoy is a Radical who lives at Lorberry, about four miles above Pinegrove, in this county. He is a thorough believer in the doctrines, teachings, and principles of Radicalism, and regularly votes the Radical ticket. He was an advocate, too, of the Fifteenth Amendment, and treats the negro as "a man and brother." Mr. Hoy has a daughter, Eliza by name, who is very fair to look upon. John Bowe is one of the "coming men," as black as the ace of spades. Between John and Eliza some time since there sprung up a warm intimacy and affection, which resulted about two weeks since in the twain being united in the holy bonds of matrimony.

But this is not all! Mrs. Bowe has a sister, as fair to look upon as she. Between this sister and Mr. Bowe an intimacy has also existed, the fruits of which will be reaped shortly. "She loved not wisely, but too well," and soon another Japhet will appear in search of a father.

Li-zt recently declared to a party of distinguished musicians that the most skillful octave player on the piano is the Emperor Napoleon III. His hearers were greatly surprised, and Liszt then explained to them that Napoleon, owing to the peculiar construction of his hand, was able to surpass the most celebrated pianist in this point. In alluding to this story, Rochefort remarks that he should be delighted to hear Napoleon as an octave player, travelling in foreign countries, and trying to earn an honest penny.

When Napoleon I, escaped from Elba, the *Moniteur*, then edited by Louis XVIII., thus chronicled the progress of Napoleon: "The anthropopagist" has escaped; the "Corsican ogre" has landed; the "tiger" is coming; the "monster" has slept at Grenoble; the "tyrant" has arrived at Lyons; the "usurper" has been seen in the environs of Paris; "Bonaparte" advances towards, but will never enter the capital; "Napoleon" will be under our ramparts to-morrow, the "Emperor" has arrived at Fontainebleau; and, lastly, "his Imperial Majesty" entered the Tuileries on the 21st of March," in the midst of his faithful subjects."

OBTAINING MONEY UNDER FALSE PRETENCES.—A bold game was played upon two of our merchants late Saturday afternoon last by a negro named Stephen Williams, who keeps a house of anything but a reputable character at the foot of Mulberry street. This negro entered the wholesale grocery establishment of Mr. F. W. Kercheer on Water street and purchased goods to the amount of about $310. These he promised to pay for on delivery, and when the time for payment arrived gave his check on the First National Bank for that amount. Of course the check was found to be worthless; but Williams had the goods and defied the owner to take them from him. The Marshal was called upon to make his arrest and take the goods in his possession, which was done and Williams placed in the guard house. A full hearing of his case will be granted to day before Judge Cantwell.

A similar game was played by the same party upon Mr. A. H. Neff to the amount of $62. The articles purchased were sent to Williams's establishment, and having obtained them he offered his check in payment thereof. He seems to be a sharp rogue, and we understand played the same trick upon Mr. E. Peschau some time since, and obtained goods to the amount of over $300, from that gentleman.—*Wil. Journal.*

ROBERT SOUTTER, OF GRANVILLE COUNTY, realizing the importance of spreading the growth of Wheat in this County; and the farmers, knowing so well the absolute necessity of supplying themselves at an early period with "Seed Wheat" of the finest quality, ready to plant in the Fall, the undersigned takes this early method of inviting applications from farmers, for what they may require to plant next Fall, of the very "Select Seed Wheat" which he expects to deliver at moderate prices, from the crop growing now at his "Oakland Farm" near Townsville, in this County.

This Wheat was planted last Fall, with Guano, of seed selected in Baltimore with great care by my predecessor, Mr. Chas. H. E. Taylor, who paid $3,25 for it there. It has had the advantage of a heavy top-dressing in Spring of Chicago bone Fertiliser, and is now very promising.

Like the good Sorghum Seed which I have offered to the farmers of Granville, I hope the orders for my "Seed Wheat" may be equally attractive, to absorb all that I can expect to spare of it.

Address me at Kittrell's Springs, or Mr. Thos. W. Taylor, at Oakland Farm.

LAST NIGHT'S DISPATCHES.

FROM WASHINGTON.

WASHINGTON, June 1.—Revenue to-day $744,000.

Secretary Borie returned again to-day.

The "Tallapoosa takes President Grant and party to the naval ball Thursday.

The President has appointed R. H. Cruny Register of the Land Office at New Orleans.

The debt statement is not ready. The decrease will not reach ten millions, but will show heavy coin and currency balances.

Bassett, Minister to Hayti, is made to say, the President was very emphatic and at the same time very cautious in expressing himself about the policy of annexation. He said his own views were in favor of such a policy, but that he thought in all cases the people of a country to be annexed should first show themselves anxious for union with us, and that then it would be a subject for the consideration of our Government.

The State Department is still without advices regarding Minister McMahon.

FOREIGN.

LONDON, June 1.—Irish Church bill passed its third reading—361 to 237. Up-roarious cheers from ministerial benches.

Nearly all the journals have articles to-day on the presentation address to Mr. Motley and discuss the probable future relations between Great Britain and the United States. The *Times* after contrasting Sumner's speech in the Senate with Mr Motley's language, hopes that the pacific tendency of the latter is not a tribute to appearances, but a real practical indication of the intention of his government. Setting aside all controversy wi h Great Britain, the *Times* offers Mr Motley a hearty welcome. The *Times* is assured that both governments and people of the two nations will reciprocate his friendly expressions.

SPARKLING CATAWBA SPRINGS,
CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.

Being situated in the northwestern part of the State in a country remarkable for its beauty and healthfulness—these, together with the virtue of the waters, make it one of the most desirable watering places to be found.

The MINERAL WATERS of these Springs are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility, dyspepsia, rheumatism, &c.

The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.

Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.

FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.

A GOOD BAND OF MUSIC

Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.

Having secured the services of Mr. J. N. CARR, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.

The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stoppage or delay at Salisbury and Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well shaded road to the springs—a distance of six miles.

As an inducement for families and parties to spend two months or more, I have concluded to put board down at the following low rates:

READ WHAT THE

HIGHEST INSURANCE AUTHORITIES

SAY OF THE

BROOKLYN LIFE!

"A Company that makes such endorsements on its policies, gives the strongest pledge that it will fulfil its trust faithfully, and keep its reserves sufficient."—HON. ELIZUR WRIGHT.

"The BROOKLYN LIFE has placed itself in the vanguard of insurance reform, and is the first Company that has done full and complete justice to the insured."—INSURANCE TIMES, Jan. 1869.

THE BROOKLYN LIFE, ALONE OF ALL OTHER LIFE INSURANCE COMPANIES, GUARANTEES A DEFINITE SURRENDER-VALUE IN CASH, AND EVERY POLICY ISSUED BY THAT COMPANY, BEARS A CERTIFICATE STATING WHAT THIS EXACT WORTH WILL BE IN DOLLARS AND CENTS, AT ANY TIME, AFTER THE PAYMENT OF TWO OR MORE PREMIUMS.

"The BROOKLYN LIFE has made no half-way work of the adoption of this inestimable feature. It is noteworthy, in this connection, as a merited tribute to the excellent Company (Brooklyn Life,) which has so gallantly raised the standard of reform in Life Insurance, that we find in the whole list of existing Companies, few competitors which deserve so much credit in respect of economy of management, or care, skill and judgment in the selection of risks."—INS. SPEC. Jan. 1869.

The BROOKLYN LIFE has paid, and now pays to its policy-holders, LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

Dividends are paid IN CASH, or applied to the permanent increase of the policy, or left with the Company to accumulate at interest, in either way, at the option of the policy-holder.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative Pill. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cures them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates, containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion**, **Listlessness**, **Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache**, **Sick Headache**, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism**, **Gout**, **Gravel**, **Palpitation of the Heart**, **Pain in the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption. And the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved, and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

"FOLLOW ME."

The Master's voice was sweet—
"I gave My life for Thee;
Bear thou this cross through pain and loss,
Arise and follow Me."
I clasped it in my hand;—
O Thou that died for me
The day is bright, my step is light,
'Tis sweet to follow Thee.

Through the long summer day
I followed lovingly;
'Twas bliss to hear His voice so near,
His glorious face to see.
Down where the lilies pale
Fringed the bright river's brim;
In pastures green, His steps were seen;
'Twas sweet to follow Him.

Oh, sweet to follow Him!
"Lord let me here abide."
The flowers were fair, I flung red there,
I laid his cross aside.
I saw His face no more
By that bright river's brim;
Before me lay the desert way,
'Twas hard to follow Him.

Yes, hard to follow Him!
Into that dreary land;
I was alone—His cross had grown
Too heavy for my hand.
I heard His voice afar
Sound through the night air chill;
My tired feet refused to meet
His coming o'er the hill.

My Master's voice was said,
"I gave My life for thee
I bore the cross through pain and loss,
Then hast not followed me."
So fair the lilied banks,
So bleak the desert way—
The night was dark, I could not mark
Where Thy blest footsteps lay.

"Fairer the lilied banks,
Softer the grassy lea,
The endless rest of them who best
Have learned to follow Me.
Canst thou not follow Me,
All weary as thou art?
Hath patient love no power to move
Thy slow and faithless heart?
Wilt thou not follow Me?
These weary feet of Mine,
Have stained red the pathway dread,
In search for thee and thine."

Oh Lord! Oh Lord Divine!
Once more I follow Thee;
Let me abide so near Thy side,
That I Thy face may see,
I clasp Thy pierced hand,
Oh! Thou hast died for me;
I'll bear Thy cross through pain and loss,
So I may cling to Thee.

LIFE INSURANCE.
NATIONAL
LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.
Chartered by Special Act of Congress, Approved July 25th, 1868.
CASH CAPITAL,
$1,000,000,
PAID IN FULL.
It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.
If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.
With these feelings and views, he looks over the newspapers, and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but Actuaries, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the
NATIONAL
LIFE INSURANCE COMPANY,
U. S. A.,
and finds just what he wants:
An ALL-CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.
He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the
NATIONAL
presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of
$1,000,000
as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.
The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.
Amount insured, $10,005,550.00
Total Premiums, 350,117.03
The whole number issued by the Connecticut Mutual in the first year of its existence was 892
By the Mutual Benefit of New Jersey, 693
" New England Mutual, 343
" Phœnix Mutual, 335
" Massachusetts Mutual, 313
" Equitable of New York, 277
The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.
In its 10th year, $1,260
And in its 20th year, 2,842
this latter being 690 less than was issued by the NATIONAL in its first seven months.

THE Sentinel.

PUBLISHED AT THE
CAPITAL OF THE STATE,
Daily, Semi-Weekly and Weekly.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.
It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.
It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.
It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.
Full and correct market and financial reports will be given.
And, in one word, no effort will be spared to make the SENTINEL, in all respects, a reliable

FIRST CLASS NEWSPAPER.

Feb 11-tf J. A. JONES, Raleigh, N. C.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages, and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."
In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

ALL STATE
RAILWAY LINES, (THAT USED TO BE!)
THE OLD RALEIGH & GASTON RAIL ROAD, THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD, UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R.!
WE inaugurated and are the Great through Inland Air Line Route to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of shippers, North and South, for the last ten years, as the few Thousand shippers in North and South Carolina will testify. We paid the State near Seven Hundred Thousand Dollars for her Interest in this Road—thereby saving the people from Taxation for all time to come $40,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

MISCELLANEOUS
NEW METHOD OF WASHING CLOTHES
WITHOUT LABOR.
THE AUTOMATIC
CLOTHES WASHER AND BOILER.
THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and the LOW PRICE of the article places it within the reach of every family.
This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.
The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the most loose to the best-finished. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.
The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and cleansing the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.
Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.
The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.
No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & SHUTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.
